Forecast for Tuesday 08 Sep 2020

Weather: A mainly dry start to the day on Tuesday with a few bright spells. Cloud will soon thicken and there will be outbreaks of drizzle and patchy light rain at times. A wet and cloudy evening is likely with fog in many places. Quite a breezy day and becoming windier in the evening.

Chance of cloud free mountain/hill tops above 700m: In the morning 80% chance with just some patches of cloud around. By mid-afternoon 30% with broken cloud around 500m.

Visibility: Generally good in the morning, becoming moderate in light rain at times in the afternoon. It's likely to be quite poor by late afternoon and perhaps less than a kilometre in the evening at times.
